

**FEATHER RIVER RAIL SOCIETY
AGENDA REPORT**

DATE: Aug. 6, 2005
FROM: Director Cochran
ITEM: New Business
SUBJECT: **Operating Department Purchase**

I have waited until the museum finances are in better shape before bring this item up, however since it involves safety it now comes before the board.

Since the end of the season last year (2004) the operating department need to replace all the radio batteries.

It has come to a point where all most all of the current batteries are no longer any good.

Cost approx. \$ 1,000.00

ACTION: Discussion, Action
