

## FEATHER RIVER RAIL SOCIETY

DATE: August 2022  
ITEM: Funding Department Report  
FROM: Eugene Vicknair

We received official notification that we did not get the California Museums Grant. This was for \$300,000 to restore the roofs on passenger cars WP 106, WP 701 and UP 105. Roger Stabler has been discussing other options with me for this work.

We are still waiting to hear about the Whitman Building Grant.

Due to work commitments, I did not get much time to work on the next mailout fundraiser. Hoping to have that done for September.

I am nearly done with an online fundraiser for WP Coach 302.

Reviewing some other grant options coming up.
