

FEATHER RIVER RAIL SOCIETY

General Superintendent's Report

Kerry Cochran

Date: August 2, 2023

As we continue the 2023 operating season we are still short on crewmembers to operate the caboose trains

A big Thank You goes out to our **President, Vice President** and the **CMO** for being at the museum on the weekends that we have short crews.

I would encourage all Operating Department members to look at their calendars and see if they can sign up for the train crew this summer.

We have several new crew members this year so if you do not recognize members working on the train crew or a newer member working around the museum, please stop and introduce yourself. All the new people are on the Operating Department Crew Roster web page. (https://wplives.org/operating_dept_crew_members.html)

Please also take the time and see what you can do to make their volunteer experience at the museum a good one so that they will feel welcomed and return to give us a hand.

Several of the new members are making our caboose train easier to operate and have contributed greatly to the operation.

Weather has been very warm at Portola and please remember to wear sunscreen, hydrate (keep plenty of water at hand) and take shaded rests during breaks in the caboose train operations.

At any time should you have any questions, please feel free to contact me, I may not have an answer right away, however I will get one for you.

Kerry Cochran
Director/General Superintendent
