FUNDRAISER MAILING

The Spring 2021 Fundraiser mailed out about 9 days ago. I have seen about \$200 in donations through PayPal in the last couple of days.

2021 GRANTS

I am going to set up a meeting with Gabriel Hydrick and Lauren Knox to discuss possible large scale grant with a November application deadline.

The SBA Shuttered Venue Operator Grant opened for applications on April 8. I started our application but it became apparent that the website had some issues. I reported them to the SBA web services and found the application portal taken down by mid afternoon due to website issues. They are saying the portal is being reworked and will reopen soon, but no date / time given.

I have also begun work on a grant for the Tom Dailey Foundation.
