

**FEATHER RIVER RAIL SOCIETY
AGENDA REPORT**

DATE: 8-4-2021
TO: Board of Directors
FROM: Kerry Cochran Archive Manager
MEETING: 8-14-2021
ITEM: New Business
SUBJECT: Archives Publications

In an effort to have new materials available to the general public and the membership. The Historical/Archive Department has started a project to reprint original Western Pacific Equipment books to offer for sale in the museum store and at the conventions.

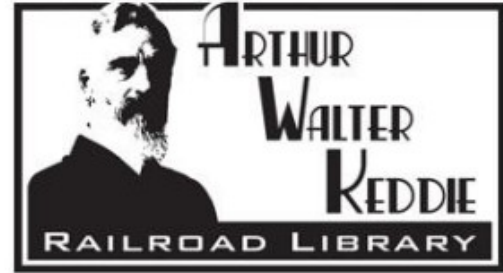

Several of these books have been printed (samples available to review) and are ready for the 2021 convention in Reno.

The Historical/Archive Department wants to continue to produce materials and books for sale in the museum store and at conventions.

Need authorization from the FRRS Board to continue to produce these items and create a standing budget item for these publications.

Attached to this agenda item is a flyer that is going to be used for the pre-sale of these new equipment books.

ACTION: Review this meeting, and approve

New books from the FRRS Historical/Archive Department!

We have created reproductions of nine equipment books containing WP, SN and TS technical drawings of various pieces of equipment. The books are spiral bound editions reproduced in summer 2021 by the Feather River Rail Society from original documents from our archives.
