## **2022 DONATION LETTERS**

I am working on the 2022 tax donation letters this weekend and hope to start mailing the first ones next week.

## **GRANTS and FUNDRAISING**

Continuing to work on several grants, mainly relating to facilities improvements, but some aimed toward equipment restorations. Patty Clawson is working with me on a big fundraising idea.

## **MUSEUM STORE**

Still planning to review the inventory and sales numbers and look at our restocking strategy in March. Also hoping to have the new HVAC system finished in March or April.

## **WP CABOOSE 658**

Have been talking with the owner about donation and movement of WP 658. Contacted Bragg Crane to get an idea of movement costs to share with the owner.
