WEST COAST RAILROADERS GROUP VISIT

The West Coast Railroaders Group motorcar operators will be running on the Quincy Railroad on Saturday, May 13. They would like to bring their motorcars to the museum on Sunday, May 14 for exhibit, operation and possibly provide rides.

Sunday, May 14 is a publically open day for the museum. We could promote this as a special event. Eugene Vicknair would be willing to give the motorcar operators a tour of the museum.

This would not require an FRRS crew or additional volunteers.

REQUESTED ACTION:

Approve the event and being coordination with WCRG as to insurance, parking, etc..
