

FEATHER RIVER RAIL SOCIETY

General Superintendent's Report

Kerry Cochran

Date: April 12, 2023

During the winter months, it still takes volunteers to safeguard the museum and keep up with the mail and other important duties.

Several of our local members have been working at the museum trying to clear snow and water from all locations. The winter has been very harsh in the Portola area with snow, high water and road closures.

Some of our members have had to detour 45 plus minutes around the road closures to get to the museum.

Some of the museum online orders have taken longer to fill and ship due to the weather and all the snow at the museum. Thank you for being patience.

Thank you all for keeping us going

As most of us know, we have several challenges before us for this year in keeping the museum open, running and providing a travel destination for visitors.

Our crew training date has been set for Saturday May 13th, 2023, starting at 10 AM. Please visit the website and sign up for the crew training and sign up to be a member of the caboose train operation this season.

We need to reach out to all our volunteers and welcome them back to a new year at the museum and support each and every one of them.

All of our time is valuable and I for one certainly appreciate all the help all the volunteers give to the museum.

At any time should you have any questions, please feel free to contact me, I may not have an answer right away, however I will get one for you.

Thank you to all,

Kerry Cochran
Director/General Superintendent
