

FEATHER RIVER RAIL SOCIETY

General Superintendent's Report

Kerry Cochran

Date: November 8, 2023

While the museum is now closed for the winter, we still have several things taking place. I have been informed that the Pumpkin Patch Express trains and event was attended very well and we were able to make a very good donation to the EPCAN food bank.

Our next event will be the Santa Trains. The museum is still looking for volunteers to help out with this event, so please get in contact with the President or Vice-President and let them know if you can help.

Normally around this time of year in my reports I thank all the volunteers who give up their time during the year to make the museum successful. It's time again for me to offer a big "Thank You" to all the members and volunteers who have given us all the help so far this year. Without each and every one of you we would not have been able to keep everything running as good as we did this year.

Even though the museum is closed, the Mechanical Department has been hard at work on several pieces of equipment, most recently the SP2873. We saw it return to limited service on the Pumpkin Patch Express with WP1503 pulling the caboose train.

Thank you goes out to all the members/volunteers who have helped with this effort. It will be nice to see the return of the 2873 to service next season.

Watch for the 2024 museum calendar to be posted to the website around the first of the year for next year's museum events.

At any time should you have any questions, please feel free to contact me, I may not have an answer right away, however I will get one for you.

Kerry Cochran
Director/General Superintendent
