

## FEATHER RIVER RAIL SOCIETY

---

### **General Superintendent's Report**

**Kerry Cochran**

**Date: December 5, 2023**

While the museum is now closed for the winter, we still have several things taking place.

The Santa Trains have started and I understand that there were at least 66 cars that arrived at the museum for Saturday's event.

The museum is still looking for volunteers to help with the Santa Trains event, so please get in contact with the President or Vice-President and let them know if you can help.

On a sadder note, the museum has lost two life members of the society over the last month.

Norm Holmes, the founder of the museum passed away on Sunday November 12<sup>th</sup>. Norm was 96 years old and I am sure that we will miss him and all he has done for the museum. Please watch the FRRS website for more information, as we are in the early planning stages with the family to hold a memorial at the museum sometime in early 2024.

On Monday November 27<sup>th</sup>, I received a call from member Jim Atkins letting me know that Life Member Jim Lekas passed away while in the hospital after a fall. Please watch for more information as it becomes available.

We just started working on a book idea with Jim Lekas and a couple of other members. Hopefully we will be able to continue this project in Jim's memory

The working copy of the 2024 society calendar has been posted to the website for next year's museum events. There is a link in the Latest Museum News column to the calendar.

At any time should you have any questions, please feel free to contact me, I may not have an answer right away, however I will get one for you.

Kerry Cochran  
Director/General Superintendent
