

## **FEATHER RIVER RAIL SOCIETY**

DATE: January 2018  
ITEM: Event Reports  
FROM: Eugene Vicknair

### **2018 HISTORICAL CONVENTION**

We have 6 shows confirmed for the convention and 2 more looking likely. Also, several groups in Utah, including the Rio Grande Historical and Modeling Society, (whose member Jeff Pearce has been helping me with planning) have agreed to publicize the convention on their websites and in their newsletters.

I am just waiting on a proposal from Heber Valley Railway to run a special train for us on the closing Sunday. Once I have that info, we will be ready to open pre-registration.

We will be extending discount registration to RGH&MS members as well in thanks for their assistance and publicity. We also may have a couple model railroad groups displaying modules and exhibits at the convention, including one dedicated to the Tooele Valley Ry.
