

FEATHER RIVER RAIL SOCIETY

DATE: April 2023
ITEM: Event Reports
FROM: Eugene Vicknair and Greg Elems

MOTORCAR DAY – May 14

The WCRG folks have confirmed about 6 motorcars and a hand car currently. Expecting a few more to sign up. We have started promoting the event online in conjunction with Big Fish. Some of the cars will be arriving Saturday afternoon / evening and I have offered to cook dinner for the motorcar folks Saturday night in the “Silver Debris”. We are offering the motorcar operators ½ price memberships to get them signed up and under our insurance for added protection and as a thank you for bringing their cars to the museum.

SP / RLHS CONVENTION VISIT – May 18

Greg talked to Lloyd from the SP group on Thursday. Looks like they will probably have two busses. I will be giving them their walking tour(s) around the museum.

MEDIA DAY – May 18

With help from Big Fish, we have invited a good sized list of media and political persons relevant to the area. So far, most of the media folks have RSVP'd and confirmed they will attend. So far we have a tentative attendance from Congressman Doug LaMalfa (contingent upon him being in the area for the event), who was our representative before redistricting. Hope to have some updates by the meeting time.

We have the timetable worked out and I will be coordinating with Steve, Greg, David and Roger on the various goings on as we get closer to the event.

WP CELEBRATION – May 20

I am setting up some help to cook breakfast in the “Silver Plate” for the volunteers and members the morning of the 20th.
