Each Saturday and Sunday from September 7 through October 12

Available Appointments (6):

09:30-10:30, 10:45-11:45, 12:00-13:00, 13:30-14:30, 14:45-15:45,  
16:00-17:00

- All appointments must be scheduled in advance with the museum store
- Walk-in appointments will typically need at least 1 hour notice to allow time for locomotive start and warm-up (does not apply to any request for a locomotive that is already running)
- All appointments are dependent on equipment and instructor engineer availability
- RAL eligible locomotives will be designated by Chief Mechanical Officer and Superintendent of Operations, typically prior to the beginning of the season. Any changes to available locomotives will be reflected on the RAL website and formally communicated to store personnel
- When steam dates are designated, the 165 becomes the only locomotive available for booking or walk-in on those dates. RAL's booked prior to the designation of a steam date will be honored with the originally reserved locomotive.
