Modeling Web Pages

I have been continuing to work with Kerry Cochran to create a set of web pages related to modeling the Western Pacific and related lines. They are not yet released to the public. It will include indices to modeling articles in the *Train Sheet* and the *Headlight*. It will also have modeling information and photos of WP and related road models.

September Steam Work Session

I received a very nice set of photos from Dick Couden, Greg Elems, Bob Sims and Eugene Vicknair from the September work session. I also received a written report from Roger Stabler detailing the events of the week. I used this material to create a [photo gallery](#) and a [news item](#).

2018 Pumpkin Express

I received the graphics for this year's Pumpkin Express event in October and added a link on the home page to the [2018 Pumpkin Express news item](#). As I receive more information about the event, I will update the news item. I expect to create a photo/video gallery after the event as I have done in previous years. If you go to the Pumpkin Patch this year, please take a camera and send me your best shots to include in the gallery.

Sponsors

Recently two of our three sponsors' sponsorships expired so I removed them from the website.

Trains and Travel International **expired 9/25/18**

Cheeseburger Restaurants **expired 9/26/18**

H & R BLOCK - DAVID HANSEN expires 2/26/19
