January/February/March 2021 Issue #188

The following articles are planned (or at least ideas) and current status:

- President's Pin (Greg Elems)
- Subscribe tool on the website (Paul Finnegan – DONE)
- 2020 WPRM Accomplishments (based on Kerry Cochran February Board report – DONE)
- Archives Work Up-Date January 2021 (Kerry Cochran – DONE)
- Modeling the Western Pacific Railroad - In the Beginning (Kerry Cochran – DONE)
- "The Rock Bunker" a Modeling Experience by Jack Palmer (Kerry Cochran – DONE)
- Things Around the Museum: Malfunction Junction - What's the Story? Part 2 (Paul Finnegan - PENDING)
- SN 1642 Project Update/Photo Spread (Paul Finnegan – DONE)
- Election Update (Matt Shuman – IN FINAL REVIEW)
- New H/A items on website (Paul Finnegan – backup article pending, probably there will not be space in this issue.)
- New Modeling items on website (Paul Finnegan – backup article pending, probably there will not be space in this issue.)

At this point, the issue looks like it will be a full 16 pages and should go out on schedule.

The open items are:

- Expected article "President's Pin" by Greg Elems. Greg usually writes it just before publication date so it is up to date. Thus expected in a week or so.
- Election Update by Matt Shuman needs to be reviewed and updated after March 15th, per the "white ballot" process.
- Possibly, we should publish an update on the planned 2021 opening plans. This could also be sent out on the "WPRM News" Mailtrain email list.
