2025 WP HISTORIC CONVENTION

The committee has chosen September 11-14, 2025 for holding the convention in Sacramento. The goal is to hold it as CSRM, but some of the costs, particularly for holding the banquet in the roundhouse section, as we did last time, are quite high. I am hoping to have another meeting before Christmas to discuss and finalize how we structure the event and the costs.

One option could be to hold the convention shows and exhibits at CSRM, but hold the banquet at a nearby hotel or banquet facility.

SANTA TRAIN ARTICLE

Someone needs to write the Train Sheet article for Santa Trains. Due to my current state between surgeries, I will be unable to attend any of the Santa Trains.
