

## FEATHER RIVER RAIL SOCIETY

---

### **General Superintendent's Report**

**Kerry Cochran**

**Date: February 3, 2025**

As we move into 2025, please keep an eye open for announcements and news about the FRRS and the WPRM. Our website is updated on a weekly basis so that information is fresh and timely.

The Operating Department crew training has been scheduled for May 3<sup>rd</sup>, 2025, starting at 10 a.m. at the museum.

Please make sure you sign up and take the online rules exam before attending the training day. Make sure you bring all your forms filled out and signed. This helps us in time management with all the necessary paper work.

With the recent retirement of some of our RAL engineers, we need to have more volunteers help us in the RAL program. If you have an interest, please contact Greg Ems or myself. I have been contacted by a couple of members about becoming an RAL Engineer.

I would ask that you check the FRRS website, [www.wplives.org](http://www.wplives.org) and use the link to crew pages. Check to see what weekends we are short on members and try to sign up on that weekend.

There are many volunteers who help the entire museum operation throughout the year. Without their help, we just would not be able to handle all that needs to be done. Everyone, please consider helping out again this year.

Please support all our volunteers and say "Thank You" to them as they perform work around the museum. We need to show that each and every one of the volunteers mean a lot to the work we do and that each of us in management positions appreciates the time and work they do.

At any time should you have any questions, please feel free to contact me, I may not have an answer right away, however I will get one for you.

**Thank you**

**Kerry Cochran Director/General Superintendent**
