

## **FEATHER RIVER RAIL SOCIETY**

DATE: November 2025  
ITEM: Museum Store Report  
FROM: Eugene Vicknair

### **NEW COMPUTER**

I have done the preliminary set up on the new computer for the Store. Need to complete final switchover. We will be running two computers for a while and then keeping the old one as a second for big events. We also now have a refurbished credit card machine for the new computer.

### **NEW PRODUCTS IN 2026**

We are looking at some new products for the new year, including taking advantage of Daylight Sales' expanded capabilities to create new shirt and hat designs.

### **STORE CLEAN UP**

I want to have a work party in early March to do a good cleaning of the store and reset the product areas, including new signage and shirt displays as per discussions we have had over the last couple of years. I plan to come up for 3 days and hopefully get some assistance.

### **INVENTORY**

Plan is to start inventory right after Santa Trains end. I am looking for some volunteers to assist Ann and Jackie with this required task.

### **END OF YEAR SALE**

Ttinking of offering discounts during Santa Trains. Working out final details with staff and we will inform Board of the details just before Santa Trains start.
