## **Mailtrain**

We continue to have society members and the public sign up on our “*WPRM News*” email distribution list on Mailtrain. We currently have 790 active email addresses on the list. Last month we had 781, so we had a net increase of eight subscribers this month. Two people both subscribed and unsubscribed this month. No long term members unsubscribed.

## **Historical Archive Collections**

I completed scanning the slides for the [Norm Holmes Collection Drawer 6 Row 4](#) SP Buildings (193 photos) collection this month and released it.

Kerry Cochran uploaded some slide scans from Dale Sanders to our cloud. I used them to create two new historical collections: [Holmes Photos scans from Dale Sanders](#) (186 photos) and [Kent Stephens photos scan from Dale Sanders](#) (156 photos). Neither collection has captions so they are not included in the master index or photo albums. If someone wants to create captions for them, I can add the captions to the collection. Many of the scans are particular units so even just identifying the road unit number would be of value.

Added ten photos from Kerry Cochran to the existing [Paul Gordenev Las Plumas SF 1977](#) collection on 1/27/26.

## **Operating Department Rule Book**

It is my understanding we are now out of stock of printed rule books at the museum. In discussions with Kerry Cochran, we decided that since the rule book is due for review, rather than print more rule books using a print shop we would print a few copies as needed from the website. To make this easier, I created a new PDF file that is printer friendly for 8 ½x11 printing and posted on the [Crew Training Material](#) and [Operating Department Forms](#) web pages.
