From the Desk of the President

For our recent Board of Directors election we had 14 candidates running for the four seats that were up for reelection, plus the two new seats if the amendment to our By Laws passed. Their pre-election statements contained a variety of opinions about how they thought the museum was run in the past and where it should go in the future. The position of a member of the Board of Directors carries a responsibility to participate in the work of the museum to a greater degree than what is expected of other members. I know it's a long way to Portola for some, but if one is to be in a decision making position, one needs to understand the work of the museum and that can only be done by participating in the work. I feel confident that we have a Board of Directors who will work to complete the goals of our organization.
