"Several issues were uncovered in the 2011 Election. They were:

An instructions error occurred that resulted in several members not receiving ballots and others receiving ballots improperly. The error percentage is calculated to be 8% in the mailing. Based on our return rate, the error percentage is about 3%. This is not considered to be a high enough percentage to have affected the outcome. Two candidates, Charlie Spikes and Bart Hansen, were found to have issues with their membership status that violated section 4.04 of the FRRS By-Laws, Board Eligibility. As a result, Bart Hansen's candidacy was found to be invalid and Charlie Spikes' candidacy will be put to a vote of the Board.
